Work Experience

Sales Associate

Headed West - Englewood, CO

June 2018 to Present

Working for headed headed west is an amazing job because you get to meet so many different personality types and you always are informed of the latest products. Working here has taught me many things as far as addressing upset costumers, keeping order lists and shelves stalked, cleaning both daily and occasionally deep cleaning and with a 0 tolerance policy for tardiness you'll never catch me not showing up for a shift or coming in 10 minutes late.

Delivery Driver and Host

Tasty House - Castle Rock, CO

March 2017 to April 2018

I worked in the mornings and weekdays hosting answering phone calls, bringing in orders, and also inputting our online orders. I was also responsible for welcoming and seating guests. During the evenings and weekends I worked as a delivery driver responsible for matching food with its order and getting to the customers home in a safe and timely manner.
